

# SNUG AS A BUG BAGS

## What is It?

A comfort bag that is designed to bring warmth and support to youth in distressful situations who need a little extra love and care. Each bag includes a handmade blanket, Beanie Babies, coloring or activity book, reading book, fidget toy, and hygiene items. All items are age appropriate.

## Our Mission

Our goal is to comfort and care for children (approx. 5-17 years old) who are facing difficult situations. Each bag is thoughtfully curated with the needs and interests of the youth in mind. We are looking to partner with organizations that can distribute these bags to those children in need.

## Can You Help?

If you are part of an organization that works with youth, or know of a group that could benefit from Snug As A Bug Bags, We Would Love to connect with you! Your support can make a big difference in a child's life. Donations are also needed and accepted.
