

TIPS FOR A REFRESH FRISCO PRODUCT DRIVE

Use this checklist if you're planning on having a **hygiene product drive** for Refresh Frisco. This should be fun and easy! If you have any questions at all, please contact us at info@refreshfrisco.org – we are always happy to help!

DETERMINE YOUR GOAL

- ☐ Determine a goal number of Refresh Packs to collect. Keep in mind that our packs are customized, so in order to have complete packs, donated products should be geared toward a specific age/gender. Ex. Collect for 40 total packs: 20 Refresh Packs for teen males and 20 Refresh Packs for teen females. Once your goal number is determined, you are ready to create a sign up!

PREPARE A SIGN UP (IF YOU HAVE A GOAL FOR A SPECIFIC NUMBER OF PRODUCTS TO COLLECT)

- ☐ Create a sign up (SignUpGenius is one option) to collect the hygiene products listed below. Remember to specify if items are for a MALE or FEMALE student. Some products such as deodorant and body wash are gender specific. Also include quantity, guidelines, drop-off information, and deadline on your sign up.

We kindly ask that donated hygiene products meet the following guidelines: Full-size (no travel sizes), new and unopened, no nut/nut oil scented products, and no hemp products. Your sign up would need to indicate the number of each product needed (for example, if you are collecting for 40 packs, you would need: 40 shampoos, 40 conditioners, etc.)

Don't forget to take pictures so Refresh Frisco can share your group's success on our Facebook and on our Website! Take pictures of your group together with your hygiene product donations and hold our sign!

THANK YOU SO MUCH FOR MAKING A DIFFERENCE!
